

THE CLR'S QUALITY POLICY

CLR aims the target of obtaining benefits both for the company owners and for the employees, through:

METALIC CARPENTRY COMPONENTS FABBRICATION FOR AIR TREATMENT SYSTEMS
CUT, BENDING AND ASSEMBLY OF SEMIFINISHED METALLIC CARPENTRY

To achieve this, is company policy:

to meet customer needs

by establishing a Quality Management System (QMS) in compliance with the UNI EN ISO 9001 ed. 2015 and continuously pursuing the improvement of its effectiveness.

The strategic CLR SRL goals are addressed, in addition to the fulfillment of contractual and legal requirements, to:

- the prevention of problems and non-conformities
- the customer assistance in the development of new products and flexibility to needs
- the company consolidation in the reference markets.

These guidelines are made concrete by the periodic declaration of quality objectives and verified through the measurement of adequate indicators.

The Top Management is committed:

- to make available the resources necessary for the QMS functioning
- in defining temporal objectives
- in promoting the growth of internal staff skills and enhancing the ideas of each collaborator.
- in involving third-party companies, called to work with CLR, to share the same quality criteria defined in this policy

Every employee must feel committed to achieving the objectives and encouraging the continuous improvement of the activities carried out.
